## Tips for Using Little Chats

As children answer the questions they are voicing their thoughts to God. Remind them that Jesus hears our prayers. You don't need to ask all of the questions each time you use Little Chats but referring to a range each time will help children to learn about the breadth of prayer.

Use the suggested prayer or pray in your own words to model more formal prayer without minimising the importance of the informal prayer.

Remember to be aware of the teachable moments in everyday life, not just when using Little Chats, to have important conversations with children.

This resource provides a guideline for conversations. If children want to discuss things further keep the conversation going for as long as they are still interested.

Don't be afraid to tell a child that you don't know the answers to their questions. In these instance, offer to work together to learn the answer.

Print the journal and prayer pages and collect the completed pages in a folder. This will allow you to look back at how much you have learnt together.
