

Is there  
something  
more?

There's a lot that could be fixed in our world.  
But sometimes it's not obvious what's wrong –  
or how to fix it!

We think if we could just fix this, or have that –  
or be with that person – we'd be better.

But then we do ... and we're still not right.

During our worst moments, we long for a  
different world altogether.

We want things put right, and someone to put  
them right.

*Is there someone?*

There seem to be footprints. Look at the world  
around us.

Scientists and children can see the wonder.  
The design.  
The beauty.

Or look inside yourself.  
You can feel incredible things –  
love, joy, compassion, wonder.

You can sense right – and wrong.

*We sense there is something –  
or someone – more.*

Is there?

History records the arrival of a man who lived  
and spoke like no one else.

He said we're right to feel there's something  
missing. There is something more.

*We have a longing for more.*

*Jesus* came to put things right - and meet  
our deepest desire to belong and be loved.

Jesus came to make God known to us - to  
connect us with the source of love and the  
creator of life.

*Would you like to know more?*

If you would like to have a coffee and talk about life  
and God, please let us know.

We're here to help, to welcome and  
to listen - with hope.
