

The Look Of Love

Activity #1a: Name That Love Song

There are many love songs & quizzes online & a quick search of YouTube produces a variety.

For example:

- <https://www.youtube.com/watch?v=DlXr0pPfSXY> (10 Classic 'Forgotten' Love Songs)
- <https://www.youtube.com/playlist?list=PLT3oLMi0S2qmB1o4Lt3efzhTzcA5rlc2y>
Quiz playlist of Love Songs (longer but songs can be skipped to next once guessed)

Activity #1b: Love Songs Poll

Ask participants to nominate their favourite love song – collect suggestions and see which songs score multiple votes

Activity #1c: Top Love Songs

For a list, just Google or try these sites:

According to Billboard: <https://www.billboard.com/articles/list/6792625/top-50-love-songs-of-all-time>

According to Time Out: <https://www.timeout.com/newyork/music/50-best-love-songs>

Either

- provide a list of top 10 randomised songs and challenge participants to put them in the right order
- Ask participants to write down as many songs as they can think of in 5 minutes that would be in the top 50. Then play or reveal the list and see who guessed most.

Activity #2: Rose Coloured Glasses

You will need:

- Red cellophane or acetate
 - Cardboard eyeglasses or glasses template
http://www.firstpalette.com/tool_box/printables/eyeglasses-round.html
 - Sticky tape or glue, scissors etc
 - Blue wax crayons and red ballpoint pens (yellow highlighter optional as in example)
 - Paper 'people', paper doll style figures etc
1. Assemble your rose coloured glasses by fixing pieces of red cellophane as 'lenses' in the cardboard glasses frames
 2. Use the blue crayon to write on the paper people – words that resonate with the concept of people as God's children, made in His likeness e.g. "Child of God"; "Beautiful"; "Loved". Any affirming words can also be used – precious; valued; unique; gifted; chosen
 3. Use the red pen to cross hatch or scribble over the blue writing to cover it up (don't scribble too hard or densely).
 4. Compare the obscured message to the way it reads when you wear the 'rose coloured glasses'

<http://www.instructables.com/id/Writing-Secret-Messages-in-Color/> has more details and suggestions.

A variation could be to use green on one lens and red on the other, and note how other filters make the positive messages harder to see and the scribbles more noticeable (green = envy/jealousy/comparison).
