Know the SAGALA Salute and when it is used

Our SAGALA salute is used to show respect for others and for our country. The way you salute shows that you are a SAGALA member.
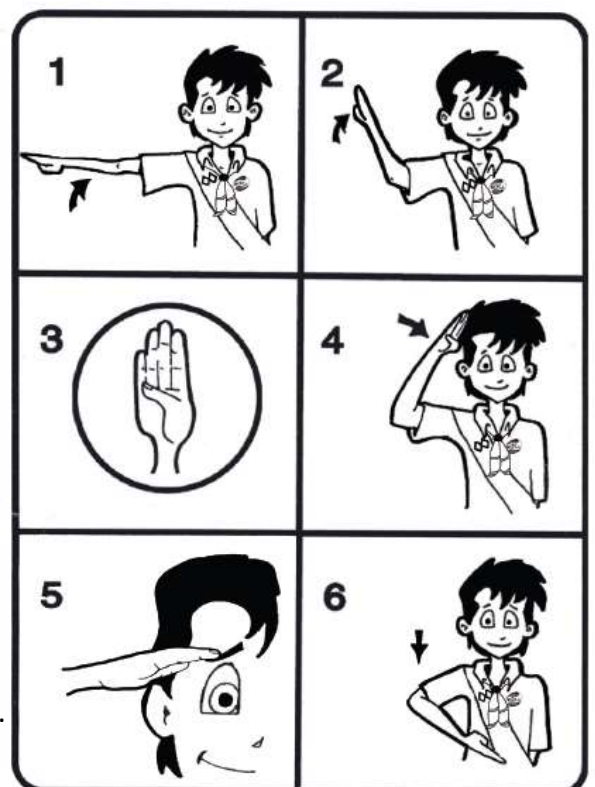

How to Salute:

1. Raise the right arm to the right of the body, keeping it straight.

2. When the arm is horizontal, bend the arm at the elbow and continue the circular action of the forearm.

3. At the same time, stiffen the fingers and tuck the thumb across the palm, and turn the palm to face the ground.

4. Continue the circular action of the forearm, keeping the hand and forearm straight until the first finger touches the middle of the right eyebrow (your arm should form a triangle).

5. Hold for three seconds, keeping the elbow in line with the body.

6. Return the hand straight down to the side of the body.

When to Salute:

1. When repeating the pledge.

2. At weekly parades when the National flag is paraded.

3. When the National flag is broken (unfurled).

4. When the National flag is received by a flag bearer or leader.

5. When the National Anthem is sung or played.

6. On receiving badges and awards.

7. Acknowledging the leader or Corps Officers.

Note: Officers in Salvation Army uniform give a different salute.
