## ADD WORDS

### WORKS BEST

Any age.

### NEEDS

No materials required.

## HOW TO

Simple, completely ridiculous and a lot of fun. The first person says a word, for example 'The'. The second person says the first word and ADDS a second word of their choice, and so on. At the end you might have a complete sentence!

For example, 'The aardvark spiralled into the puddle of custard clutching his skateboard while whistling his favourite Bjork melody.' The fun thing is putting twists in the sentence so that the others have a hard time coming up with a word that fits. ADD WORDS can be played a few times without being boring.
