EGG RACE

WORKS BEST

At Easter.

NEEDS

Two hard boiled eggs
Two spoons

THE GAME

You can either allow all of your children to participate in this relay, or just choose four to six from each side (depending on your time factor and size of group). By the way, don't tell the kids that the eggs are boiled! It's a lot more thrilling if they think they are at risk of dropping a raw egg on the church carpet!

Demonstrate first by racing crazily around the room with the eggs on your spoons, and then stick the end of the spoon in your mouth and do it that way!
